

PROJECT SNAPSHOT

Applications Solutions Group

CUSTOM ERP APPLICATION PORTAL

Client Needs

- Desired to replace old ERP system
- Could no longer upgrade OS due to limitations
- Applications installed and configured on each PC

Our Role

- Created a custom .NET application that can easily be hosted on premises or on the cloud
- Responsive web design using Bootstrap
- Everything will be developed with the ability to run both old and new systems in parallel
- Applications were deployed one at a time to increase user adoption and trust

Value Realized

- Successfully implemented modernized software with enhanced security
- Utilized existing data structure while minimizing change in the risk
- Supported existing business processes which are their competitive advantage
- Built a foundation for future growth

Company Profile

Located in Southern Indiana, Daviess County Metal Sales has been serving the area since 1983, and has grown to become one of the largest building material suppliers in the area.

DC Metal stocks a full line of building materials which allows them to provide their customers with the materials they need at prices they can afford.

Headquarters: Cannelburg, Indiana

Industry: Manufacturing

“Keller Schroeder has been nothing but top notch. Keller Schroeder’s Scheduled Managed Service team is so good! In general, they are great guys and have been very professional and personable. They represented Keller Schroeder well. For me, it has been so nice to call or email and get things fixed *the first time!*”

- Michael McNabb, Purchasing Manager,
Daviess County Metal Sales
